

acquisition. The Department may require the applicant for titling to submit satisfactory proof that he owned the vessel prior to June 1, 1965.

8-1005.

(a) The "Shore Erosion Control Construction Loan Fund," is created and continued. The Department shall administer the Fund solely to provide interest-free loans to persons, municipalities, or counties for construction of shore erosion structures. The Fund shall be maintained by:

(1) Repayments of principal on loans made from the Fund, with the repayments made through a special real estate tax the State levies on privately owned property benefited by shore erosion control projects. The tax shall compensate the State for net project construction cost. The tax may be levied at a uniform rate over a period not exceeding 25 years, as the State and the property owner agrees; and

(2) Annual appropriation of general funds to restore the Fund to a level sufficient to carry out an effective shore erosion control construction loan program during the succeeding year.

A property owner whose project is approved is eligible to receive an interest-free loan covering 100 percent of the first \$20,000 of project construction cost, 50 percent of the next \$10,000 of project construction cost, 25 percent of the next \$10,000 of project construction cost, and [ten] 10 percent of the part of construction cost exceeding \$40,000. However, where two or more property owners are included within a shore erosion control project, and project construction costs exceed \$40,000, the land of each property owner is considered a separate shore erosion project for the purpose of computing net project construction cost under this formula.

9-301.

(a) The Secretary shall promptly delineate the landward boundaries of any wetlands in the State. The landward boundaries of the wetlands shall be shown on suitable maps or aerial photographs on a scale of [one] 1 inch to 200 feet. The maps shall cover an entire political subdivision of the State as determined by the Secretary.

10-101.

(y) "Wild quadruped" means any species of wildlife
