

the 1974 session of the General Assembly indicates that Senate Bill 404 should be vetoed.

Senate Bill 404 is a departmental bill which would have clarified the description of the Seventh Congressional District. The Baltimore City Election Board, however, changed some of the precinct numbers mentioned in the bill without notifying this office. Consequently, if signed, the law would be erroneous.

If you see fit to concur with my advice, I will begin working on a new bill to be introduced during the 1975 session. The new bill will correct congressional district descriptions throughout the entire State without changing boundary lines.

Very truly yours,

Administrator
