

CUMULATIVE SUPPLEMENT, AS AMENDED BY CHAPTER 1 OF THE ACTS OF 1973, SECOND SPECIAL SESSION), AND BECAUSE I AM ADVISED AND INFORMED THAT THE FOLLOWING IS REASONABLE AND NECESSARY IN VIEW OF THE SITUATION OF EMERGENCY, DO HEREBY PROCLAIM AND ISSUE THE FOLLOWING ORDER, EFFECTIVE 12:01 A.M., JANUARY 10, 1974:

Pursuant to my authority to modify existing requirements affecting the use of energy resources, the requirements of the State Department of Health and Mental Hygiene that certain fuel oil burning installations be equipped with dust collection devices, as these requirements are set forth in Section .03B of Regulation 10.03.38 ("Regulations Governing the Control of Air Pollution in Area III") and Section .03B of Regulation 10.03.39 ("Regulations Governing the Control of Air Pollution in Area IV"), are hereby modified to establish May 10, 1974, as the effective date of these requirements with respect to the following installations:

(a) Residual fuel oil burning installations having a maximum rated heat input of less than 10-million btu per hour per furnace; and

(b) Residual fuel oil burning installations, regardless of their maximum rated heat input, when used solely on a stand-by basis by "Interruptible" or "Off-Peak" gas company contract customers, but only during periods of actual interruptions in the supply of gas to such customers.

EXECUTIVE ORDER OF JANUARY 9, 1974

SERVICES OF ARCHITECTS AND ENGINEERS

WHEREAS, The State of Maryland spends considerable sums each year for the planning and design of capital projects, requiring the professional services of architects and engineers; and

WHEREAS, It is necessary that the State obtain these services at the lowest possible cost consistent with the highest possible quality; and

WHEREAS, It is also necessary that the sole criterion in
