

(f) "National pollutant discharge elimination system" [shall mean] MEANS the national system for the issuance of permits as designated by the 1972 amendments to Federal Water Pollution Control Act.

8-1412.

(b) A person aggrieved by an order OR PERMIT issued [may] DOES not have the right to appeal to the board of review as provided in Title 1 of this article, but may obtain immediate judicial review under the provisions of §§ 255 and 256 of Article 41 of the Code and the Maryland Rules of Procedure.

8-1413.

(b) Notwithstanding subsection (a) of this section, any person intending to construct, install, modify, extend, alter, or operate any industrial, commercial or recreational facility or disposal system or any state-owned treatment facility or any other outlet, or establishment, the operation of which would result in or be capable of causing a discharge of pollutants or an increase in the discharge of pollutants into the waters of the state, shall obtain a permit from the administration. The administration may require a discharge permit from any other activity by rule or regulation.

(c) After public notice and opportunity for public hearing, the administration may issue a permit for the discharge of any pollutant or combination of pollutants into [state waters] THE WATERS OF THE STATE if the discharge meets or will meet all applicable state and federal water quality standards and effluent limitations and all other requirements of this title.

(h) The administration, by regulation, order, permit, or otherwise, may require the owner or operator of any source of a discharge of pollutants or of any source which is an industrial user of a publicly owned treatment works to:

(1) Establish and maintain records;

(2) Make reports;

(3) Install, calibrate, use and maintain monitoring equipment or methods (including where appropriate, biological monitoring methods);

(4) Sample discharges (in accordance with the methods, at the locations, at intervals, and in the manner the administration prescribes); and
