

(f) At any time after [such] THE acquisition, the [[commission]] COMMISSION may transfer the land so acquired in any case to any construction agency of the State of Maryland, [or] to the county, or to any incorporated municipality [[within]] [[the Regional District]] of Prince George's County, upon repayment to the Commission of the funds so disbursed by the Commission for the land, plus interest. The amount of [any such] THE repayment shall be placed in the land acquisition revolving fund. If the land [so] acquired in any case is determined by the state construction agency for the county or municipality not to be required for public use, the [[commission]] COMMISSION may use the land as a part of its park system, subject to the approval of the County Commissioners but [such] THIS use by the [[commission]] COMMISSION for park or recreation purposes [shall] IS not [be deemed to be] a dedication for [such] THESE purposes. If the land is determined by the Commission at any time not to be needed for park purposes the Commission may dispose of it in the manner provided elsewhere in this [subtitle] ARTICLE.

[61A.]

(G) The Commission, upon request of the college's board of trustees, and in accordance with procedures contained in Article 77A of the Annotated Code of Maryland, may make recommendations to the board of trustees of the Montgomery Community College concerning real property sites appropriate for acquisition by the board which conform as far as practicable to development plans for land use in the county.

[62.] 7-107.

The Commission [is authorized and directed to] SHALL prepare and print, with suitable indexes, and [to] make available for public distribution (1) from time to time one or more pamphlets setting forth the provisions of law administered by the Commission and all subdivision, zoning, and other regulations adopted or enacted by the Commission or the District Council, together with [such] annotations and maps [as] the Commission deems appropriate; and (2) annually a report setting forth, in such detail as the Commission deems appropriate, the work of the Commission for the year, including its land acquisitions, financial transactions, personnel MATTERS, litigation and disposition of violations, and other data and information. The Commission [is authorized to] MAY charge a fee for [such] THE publication sufficient to cover in whole or in part the cost thereof.

[63.] 7-108.
