

This bill provides for the issuance in Anne Arundel County of a beer, wine and liquor license which authorizes the holder to keep for sale and sell beer, wine and liquor at any establishment within the county for consumption on the premises only. It appears that this bill could enable the holder of this type of license to transfer his license from establishment to establishment without the normal licensing procedures which are well defined and established.

The language of Article 2B of the Annotated Code of Maryland relating to alcoholic beverages provides consistently that licenses for the sale of alcoholic beverages be issued to "a place therein described". It appears that this bill would negate the provision for issuance of licenses for specific locations and would be totally inconsistent with the declaration of Maryland policy relating to the sale of alcoholic beverages within this State; said well established policy being found in Article 2B, Section 1 of the Annotated Code of Maryland.

For this reason I have decided to veto House Bill 1517.

Sincerely,  
/s/ Marvin Mandel  
Governor
