

## EXECUTIVE ORDERS

- respect to the coordination of programs and activities conducted within the State under the provisions of the Older Americans Act of 1965, as amended, as well as administer such of those programs which are delegated by the Federal government to the State and are not otherwise committed by law to some other unit of State government;
- (b) Coordinate, subject to existing law, and assess and evaluate all State and local programs, both public and private, important to the well-being of the State's aged, including programs and services in such areas as income maintenance, public health, mental health, housing and urban development, employment, education, recreation, and rehabilitation of the physically and mentally handicapped;
  - (c) Review and formulate policy recommendations to the Governor on publicly funded plans and programs which have an impact on the aged;
  - (d) Consult with and advise the Secretaries of the principal departments of State government with respect to the programs and services for which they are primarily responsible and
  - (e) Develop a Statewide plan for a comprehensive, coordinated system of health, social and community services for the aged.
4. In carrying out its functions, the Office on Aging may administer, expend and allocate any State or federal funds budgeted or otherwise legally made available to it, for such programs and in such manner as the Director determines, consistent with applicable provisions of law.
