ARTICLE IV. Rules and Regulations

23-16 Plumbing & Gas Fitting Code

The National Standard Plumbing Code dated 1971 with (6/71) revisions and the N.F.P.A. #54, 1969 Gas Appliance and Piping Installation Standards, with rules and regulations are hereby adopted as the new Baltimore County Plumbing and Gas-Fitting Code and incorporated by reference in this section as if set out in full herein.

23-17 Practice of Plumbing or Gas Fitting

(a) No person shall engage in plumbing or gasfitting as defined in this Title in Baltimore County unless he shall have been duly authorized to do so by the issuance to him of one of the foregoing licenses. No person shall do or perform any plumbing or gas fitting work not authorized under the license issued to him.

(b) The provisions of this section shall not apply to persons working under the supervision of a Master Limited Plumber-Gasfitter on its premises, to persons working on on-site utility work under the supervision of an On-Site Utility Contractor, to persons working on disposal systems under the supervision of a Disposal System Contractor, or to persons working on water pumping systems under the supervision of a Water Pump Contractor.

23-18 Permits

(a) No work authorized under this title, unless excepted in this Title, shall be undertaken without a permit therefor issued by the Department of Permits and Licenses, upon the approval of the Administrative Authority. Only Master Plumber-Gasfitter, Master Gasfitter, On-Site Utility Contractors, Disposal System Contractors, and Water Pump Contractors shall be eligible to receive permits and then only to the extent that they are authorized to do work under this Title.

(b) This section shall not apply to work done by the holder of a Master Limited Plumber-Gasfitter License on the premises of such holder and provided that it has
