be consolidated and confined within a single frame, subject to the review and recommendation of Board of Appeals.

C. Street Banners

Street banners advertising a public entertainment or event, if specifically approved by the County Executive and if in locations designated by him, may be displayed fourteen (14) days prior to and seven (7) days after the public entertainment or event.

D. Window Signs

There shall be no limit to the number of such signs, provided however, that the total area of all window signs shall not exceed twenty (20) percent of window glass area, which shall be calculated separately for each side of the building. An additional twenty (20) percent of window area may be used on a temporary basis. An additional ten (10) percent of window area may be used on a temporary basis to advertise non-profit activities.

E. Permanent Identification Signs

Signs of a permanent nature setting forth the name of a church or a community, development, center, or other like projects shall be permitted if setback in accordance with the BUILDING SETBACK requirements of the zoning restrictions relating to the classification of the property on which the sign is placed. Illumination shall be in accordance with restrictions set forth in subsection 3.608. Such signs shall not exceed twenty-four (24) square feet in area nor six (6) feet in height.

F. Civic, Religious and Quasi-Public Signs

Name, directional and informational signs, and emblems of service clubs, places of worship, civic organizations and quasi-public uses shall be permitted on private property if setback in accordance with BUILDING SETBACK requirements of the zoning restriction relating to the classification of the property on which the sign is placed. Each sign shall be not more than fifteen (15) square feet in area. The top of such sign shall not exceed eight (8) feet above grade. Illumination shall be in accordance with the restrictions set forth in Section 3.608, and in the event that there is a need for more than one sign at one location, all such signs must be consolidated and confined within a single frame, subject to the review and recommendations of the Bureau of the Bureau of Inspections, Licenses and Permits.
