

To Clothing and Expenses abroad for himself and Man upon
 auct of his Agency - - - - - 250:00:00
 This wee found think but extraordinary Excess & extravagance in affen
 of his Degree
 To Bills of Exchange of the Country returned unpaid - - - - - 253:00:00
 which said Bills wee conceive the Country ought to have regained to put
 them in suit and if recovered to be employed according to Law and his
 Majestys Royall instructions thereupon
 To the Interest of 300 borrowed - - - - - 12:00:00
 This Article wee found that upon without objection the Money borrowed
 it came from the person in whose hands our small stock was lodged which
 was about 3000 the value for that this was in effect paying Interest for our
 own Money
 To Capt Harris for fresh provisions - - - - - 02:00:00
 To the Charge of Printed Bills - - - - - 00:18:00
 To Servants wages for 2 years - - - - - 12:00:00

In obedience to Authority by whom wee are appointed wee have sifted and strictly
 examined all such Books, Clatts and loose papers as were to us produced or that wee could by any
 means procure by all which wee find the Estate of the Colony by their Majestys late Governour
 to be indebted to his Saied Majesty the sum of 546:3:6 but the Estate within this Province
 to answer and pay the said and to the Publick debt of this Province the sum of 133:13 but nothing
 to be found to reimburse the said

Wee also find that Mr John God and Mr Kendall (both dead) have received and taken into their
 hands very large and considerable sums of Money by Bills of Exchange and otherwise the which
 to call and they have made unreasonable demands upon which wee have made some Remarks
 all which is plainly Submitted
