

520 Chiefly Occasioned by severall Little petty Assignments Trade
out of the said warrant. Wherefore for the future no warrants
shall be so parcelled out by assignment but the whole warrant may be
assigned or after a Survey is made by some of part of it the Remainder
of the said warrant may be assigned and this you are to Expressly order
to be inserted in all Warrants.

And whereas by the Methods heretofore taken by Surveyors
in measuring a great many Boundaries in the Certificate of the Survey
by them made Great Inconveniencies have ensued and Generally speaking
either too small or too large Measures given by them as well so they
Prejudice as to the prejudices of the People. Wherefore for the future you
are either by Instructions to my Surveyors or by proper words inserted in
my ~~own~~ warrants so to Order matters that in all Surveys hereafter to be
made there be but one Boundary or certain Beginning Expressly
Described and After that holding but course and distance to the closing of
the Survey which is the fittest way betwixt me and the People and may in
all probability be the means of preventing severall Law Suits and perjuries
about the bounds of Lands.

Inasmuch as I have now given Twelve Commissions for Surveyors
and have no Surveyor Generall; In case of the Death of any the said Surveyors you are
hereby Inpowered to Appoint and constitute others in their Rooms
till further orders from me in case of their Misbehaviour misfeasance
or Negligency — — of the said Surveyors as to the due Execution
of their office or wrong by them wilfully done to any person whom
they are to Serve in the said Office you are hereby Inpowered
to Displace or suspend such Surveyor or Surveyors and Appoint
any other in his or their place till further Orders from me.

You are also hereby Ordered and Inpowered yearly to pay
in Tobacco the severall Allowances hereto before made to
the severall Persons and Officers hereinafter Mentioned
viz. to Major Nicholas Sewall Twelve Thousand pounds of Tobacco
to the same Major Sewall as an Addition thereunto three Thousand
pounds of Tobacco, to Henry Sewall the said Majors Son for his

Assistance
