

State of Georgia }  
Port of Savannah }  
I do hereby jointly and severally declare  
& attest unto all whom it shall or may concern  
that on the sixth day of August one thousand  
eight hundred & Eighty at the request of William  
Lauders master Commandant of the Private  
armed Schooner called the Carony, of the Is-  
land of Margatta, now lying in the River  
Savannah, we examined the situation of said  
vessel and find that she requires considera-  
ble repairs, and knowing that at this season  
of the year, workmen cannot be obtained  
to make the necessary repairs, required to render  
the vessel fit for sea, do hereby recommend that  
he proceed to some northern port, where he may  
have his vessel put in good repair -

In testimony of which I have hereunto set my  
hand & affixed unto the seal of the Board  
of Port Wardens, for the Port of Savannah  
aforesaid the day & year aforesaid -
