

any such billboards, or other similar structures, signs, posters or other display advertising:] HIGHWAY ADMINISTRATION THE MATERIALS REQUIRED BY THIS SECTION. .

{ (a) }(B) [A statement signed by the] THE applicant SHALL FILE A SIGNED STATEMENT naming the county, election district, and the approximate distance from the nearest town, village or city where the billboards or other similar structures, signs, posters, or other advertising displays are proposed to be placed and stating whether or not the proposed location is within a district over which the legislature has granted to any board or body the power to create zoning areas and, if [said] THE proposed location [be] IS within any such district, the name of [such] THE district.

{ (b) }(C) The APPLICANT SHALL SPECIFY THE dimensions and the area in square feet of advertising surface on each of [said] THE billboards or other similar structures, signs, posters or other display advertising, the height of [such] THE advertisement from the ground, the material used in its construction and the distance from the nearest public highway. The area of any [such] advertisement shall comprise the number of square feet contained within a line drawn around the outer edge of the advertising matter and pictorial design displayed.

{ (c) }(D) [A plat which shall satisfy the State Roads Commission that it shows accurately:] THE APPLICANT SHALL FILE A PLAT THAT ACCURATELY SHOWS:

(1) The proposed location of [said] THE billboard or other similar structure, sign, poster or display advertising with reference to the location of any State highway within a radius of [five hundred (500)] 500 feet of [such] THE proposed advertisement[.];

(2) The location of the boundaries of any [such] State highway or highways[.]; AND

(3) The relative location of any intersection or intersections at grade of any [such] highway or highways with any railroad or street railway.

{ (d) }(E) [Any] THE APPLICANT SHALL FILE ANY additional plats, information or data [deemed necessary by the State Roads Commission] THAT THE ADMINISTRATION CONSIDERED NECESSARY to determine whether OR NOT the construction or erection of [said] THE structure or advertisement would injuriously affect the safety of public travel on State highways by dangerously obstructing the clear view of the highway by one operating a motor vehicle [thereon] ON THE HIGHWAY.

[Upon receiving from the applicant the information, plats and data hereinbefore in this section designated the State Roads Commission shall issue for the next calendar year the permit applied for upon payment by the
