

This bill attempts to provide a termination date for State bond authorizations.

The Attorney General has advised me that, while Senate Bill 331 does not contain constitutional infirmities requiring veto, it does contain numerous serious ambiguities impeding proper construction. A copy of the Opinion of the Attorney General is attached and should be considered a part of this veto message.

Since Senate Bill 331 affects the continued validity of all State bond issues, its provisions must be absolutely clear and free of doubt. Therefore, in light of the questions raised by the Attorney General as to the interpretation of this bill, I have decided to veto Senate Bill 331.

Sincerely,  
Marvin Mandel  
Governor
