REVISOR'S NOTE: This section presently appears as Art. 66 1/2, §14-109.

In subsection (a) (3) of this section, the present phrase "including the load" is deleted as unnecessary in light of the definition of "gross weight" in §11-126 of this article. Also, the phrase "prorated for fractions of a foot" is new language added for clarity and to conform with actual practice.

In subsection (b) of this section, the word "vehicle" is substituted for "motor vehicle" to conform with the language of the entire section and the apparent intent of this subsection.

In subsection (c) of this section, the present proviso relating to certain previously registered vehicles with metal tires is deleted as obsolete. The defined term "gross weight" is substituted for "gross load" for clarity.
