

In subsection (a) of this section, the present reference to "real or personal" property and to "any interest" in the property is deleted as unnecessary in light of the definition of "property" in § 1-101 of this article. Also, the present reference to a "devise" is deleted as unnecessary in light of the definition of "gift" in Art. 1, §22 of the Code.

Also in subsection (a) and throughout this subtitle, the term "airport facility" is added to reflect the division of the present, synonymously defined terms "airport" and "airport facility"; in this regard, see revisor's notes to the new definitions of these terms in §5-101 of this title.

The only other changes are in style.

As to gifts, see, also, Art. 15A, §§5 and 6 of the Code governing gifts and legacies received by a State agency.
