

any time within the next succeeding [twelve] 12 months upon the payment of a \$15 fee [of fifteen dollars for professional engineers and fifteen dollars for professional land surveyors and seven dollars for property line surveyors]. If any registrant fails to renew his certificate within the [twelve-month] 12-MONTH period provided above[,] and later applies for renewal, he may be required to present reasons for [said] renewal. The Board[, at its discretion,] may grant a renewal of [such] THE certificate, in which case the renewal fee shall be the same as the registration fee for professional engineers [and for professional land surveyors, and for property line surveyors], or THE BOARD may require reapplication.

[(f)] (D) [Should] IF the Board [deny] DENIES the issuance of a certificate of registration to any applicant, the initial fee deposited shall be retained as an application fee.

14.

(a) Examinations shall be held at [such] THE time and place [as] THAT the Board [shall determine. When] DETERMINES. IF examinations are required on fundamental engineering [or land surveying] subjects (such as are ordinarily given in approved engineering [or land surveying] curricula), the applicant shall be permitted to take [such] THE examination prior to his completion of the requisite years of experience, and credit for the successful completion of this examination by the applicant shall be valid for a period of ten years. The Board shall issue to each applicant, upon successfully completing the examination in the fundamentals of engineering [or land surveying], a certificate stating that he has passed the examination and that his name has been recorded as an engineer-in-training [or land surveyor-in-training].

(b) The examination in the principles and practice of engineering [or land surveying shall] MAY not be taken by an applicant until he has satisfied all of the other requirements for registration set forth in this article.

(c) The scope of the examinations and the methods of procedure for taking and grading shall be prescribed by the Board to test the applicant's ability to design, plan and direct engineering works [or land surveying] so as to insure the safety of life, health and property. [Separate examinations shall be given in engineering and in land surveying.]

15.

(a) The Board shall issue a certificate of registration upon payment of THE REQUIRED registration fees [as provided for in this article] to any applicant who, in the opinion of the Board, has satisfactorily met
