

REVISOR'S NOTE: This section is new language derived without substantive change from Art. 89B, §34(a) and (c) and the fourth sentence of Art. 89B, §38A (a).

In subsection (b) (1) of this section, the time at which the ratio is determined is derived from the last clause of the first sentence of Art. 89B, §34(c). The balance of the first sentence of present §34(c), which deals with occurrences before July 1, 1948, is deleted as obsolete.

In subsection (b) (2) of this section, the date at which the ratio is determined reflects current administrative practice; the introductory language of Art. 89B, §34(c-1) on this matter is deleted as inaccurate. The requirement that each owner have an address in the county is derived from present subsections (c-1) (1) and (2).

The balance of present subsection (c-1) (1) is deleted as unnecessary. It seeks to avoid duplicate counting by providing that "dealer licenses, temporary 30-day tags, duplicate tags, and amateur radio tags" are not to be counted in determining the number of "registration licenses". However, as revised, subsection (b) (2) of this section counts only the number of "vehicles registered to owners", thus avoiding this problem.
