

(11) THE SERVICES OF A ROADS ENGINEER WHO HAS EITHER A DEGREE IN CIVIL ENGINEERING AND EXPERIENCE IN CONSTRUCTING ROADS OR AT LEAST 10 YEARS PRACTICAL EXPERIENCE IN CONSTRUCTING ROADS IN A SUPERVISORY AND EXECUTIVE CAPACITY.

(3) THE TRANSFER OF FUNCTIONS SHALL BECOME EFFECTIVE ON THE FIRST DAY OF THE NEXT STATE FISCAL YEAR FOLLOWING THE REQUEST BY THE COUNTY.

REVISOR'S NOTE: This section is new language derived without substantive change from Art. 89B, §§ 220 through 222.

Subsection (a) of this section is revised to include only those counties for which the Administration currently performs road work on county roads. The presently referenced Caroline, Queen Anne's, Somerset, Wicomico, and Worcester counties have made elections under the predecessor statute to what is now subsection (e) of this section and now perform their own road work.

The last clause of present §222, which relieves the Administration from further responsibility as to counties making an election to do their own work, is deleted as unnecessary in light of §8-633 of this subtitle to similar effect and, insofar as it limited the remaining duties of the Administration to the counties, inaccurate. In this regard, see the introductory clause and revisor's note to §8-633 of this subtitle.

#### 8-635. ENGINEERING ADVICE TO COUNTIES.

AT THE REQUEST OF ANY PROPER COUNTY AGENCY, THE ADMINISTRATION SHALL PROVIDE TO THE COUNTY ENGINEERING ADVICE AND INFORMATION ON THE COUNTY'S ROAD PROGRAM, INCLUDING ITS FARM-TO-MARKET ROAD PROGRAM. THE ADMINISTRATION MAY NOT CHARGE THE COST OF THIS ADVICE OR INFORMATION EITHER TO THE COUNTY, TO THE COUNTY'S SHARE OF HIGHWAY USER REVENUES, OR TO OTHER FUNDS ALLOCATED TO THE COUNTY.

REVISOR'S NOTE: This section is new language derived without substantive change from Art. 89B, §78.

Present Art. 89B, §77, which requires the Administration to furnish the counties with maps and programs for improvement of county roads, is deleted as obsolete and in conflict with current practice.

#### 8-636. REPORTS BY COUNTIES.
