

THAT STATE OR COUNTRY VEHICLES OF THE CLASS HE IS DRIVING IN THIS STATE; AND

(III) HE IS AT LEAST THE SAME AGE AS THAT REQUIRED OF A RESIDENT FOR THE VEHICLE HE IS DRIVING IN THIS STATE.

REVISOR'S NOTE: This section combines without substantive change Art. 66 1/2, §§6-102 and 6-102.1.

Throughout this section and the balance of this title, present references to "valid" licenses are deleted as superfluous since the term "license" is intended to apply only to a current, valid license.

In item (1) of this section, the phrase "operated by" is substituted for "leased to" to cover rentals, leases, or any other method by which the United States might control the vehicle short of owning it.

In item (3) of this section, the term "farm equipment" is substituted for "implement of husbandry"; see §11-120 of this article.

Item (5) of this section has been revised to clarify that the referenced "internship" is a "medical internship in this State"; see, also, §13-402.1(d) of this article.

In item (7) of this section, a reference is added to members of the United States Public Health Service; this conforms with the policy of §13-402.1(c) of this article which, for purposes of exemption from vehicle registration, recognizes the similarity of position of military personnel and those serving on the Health Service.

In items (7) and (8) of this section, the present references to a "spouse" and "children" are deleted as unnecessary and misleading. The exceptions were intended to apply to them only to the extent that they are, in fact, "dependents".

Item (9) (iii) of this section is new language substituted for the specific list of age requirements in present §6-102(6)(i) through (vi). The present list apparently was intended only as a means of adopting, as to nonresidents, the various age requirements established by this title for driver's licenses issued to residents. As that list originally was drafted, it but repeated the same requirements as for residents. However,
