

structures or obstructions in, on, over, or through any public road, street, or way, which blocks or impedes the construction and establishment of the [Commission] COUNTY'S water [supply], sewerage, or drainage systems, or other works, upon reasonable notice from the [Commission] BOARD, shall promptly so shift, adjust, accommodate, or remove structures or obstructions as fully to meet the exigencies occasioning such action; provided, however, that the reasonable cost of such changes shall be borne by the [Commission] COUNTY. Every public service corporation, company, or individual before it or they shall begin any excavation or construction in any street, road, way, or public highway shall file with the [Commission] BOARD plans of such work and construction showing the location and depth in such street, road, way, or public highway of the proposed main, conduit, pole, pipe, or other structure, and such construction or work shall not be begun until the plan is approved by the [Commission] BOARD, nor shall any change be made in the approved plan or in the work or construction as shown by the plan, except on further approval of the [Commission] BOARD. Whenever any main, conduit, pole, pipe, or other structure is installed without the filing of plans with the [Commission] BOARD and the approval thereof by it, or when any change is made in the location of the main, conduit, pipe, pole, or other structure as shown upon the plans approved by the [Commission] BOARD, or any approved change therein, the [Commission] BOARD, if and when such conduit, main, pipe or pole, or other structure interferes with the construction of or operation of [its] THE water [or], sewerage OR DRAINAGE system, or other works, may remove the conduit, main, pipe, pole, or other structures or change the location thereof at the cost and expense of the party so putting them in, or their heirs, assigns, or successors, and without any liability upon the part of the [Commission] COUNTY for damage that might be done to the same by reason of the [Commission's] BOARD'S operation in constructing or maintaining [its systems] THE SYSTEM or works. Any violation of the provisions of this section is a misdemeanor punishable under Section 15-24 of this subtitle.

15-13.

Whenever the plans and specifications for water [supply], sewerage, or drainage systems or extensions thereof shall have been completed and the [Commission] BOARD has decided to proceed with construction, it shall, when required by this subtitle, by notice in one newspaper published in [the county] CARROLL COUNTY and such newspapers and technical press as it may deem proper, advertise for bids for the construction of the system or systems, in part or as a whole, as in its judgment may appear advisable. The contract shall be let to the lowest responsible bidder, or the [Commission] BOARD may reject any or all bids; and, if in its discretion the prices quoted are unreasonable or unbalanced, it may readvertise the work or any part of it or may do any part or all of the work by day labor; provided that any time the [Commission] BOARD, in its discretion, may expend by day labor for construction and for supplies and
