No. 5

(Senate Joint Resolution 32)

A Senate Joint Resolution concerning

Industrial Health

FOR the purpose of requesting the Governor to appoint a study commission to consider the problem of industrial health and the adequacy of Workmen's Compensation coverage, and to report to the ~~Governor's Study Commission on Workmen's Compensation~~ Governor with recommendations as to areas where legislation may be necessary.

The quality of industrial health is a prime issue at all levels of government. There is great concern as to the adequacy of proper protection for workers from adverse health exposures.

A further concomitant of this problem is the adequacy of present legislation in our Workmen's Compensation Laws to properly take care of those workers whose health and earning power are affected by everchanging and new technologies whose impact on workers has not been fully explored; now, therefore, be it

RESOLVED BY THE GENERAL ASSEMBLY OF MARYLAND, That the Governor is requested to appoint a study commission to consider the problem of industrial health and the adequacy of present Workmen's Compensation coverage; and be it further

RESOLVED, That the study commission consist of 15 members, three from industry, three from labor, ~~and three from the public at large~~ two who are physicians experienced in the field of industrial health, one from the mutual insurance companies, one from the stock insurance companies, one from the self insured employers and two from the Governor's Study Commission on Workmen's Compensation, all appointed by the Governor, with the Chairman of the
