

In accordance with Article II, Section 17 of the Maryland Constitution, I have today vetoed House Bill 1567.

This bill provides certain officials of municipal corporations with immunity from civil liability as to certain claims related to official duties and employment and requires the governing bodies of municipal corporations to provide counsel to defend its officials against certain claims.

As introduced, House Bill 1567 was intended to codify existing case law. During the legislative process, the bill was amended extensively. The sponsor has advised me that House Bill 1567, as enacted, no longer accomplishes the purpose for which it was intended, and he has requested that I therefore veto the bill.

For this reason, I have decided to veto House Bill 1567.

Sincerely,
Blair Lee III
Acting Governor
