

The effect of changing the requirement for annual review and appropriate modification of county plans is obvious. Outdated plans may be ignored by the State agencies pursuing their respective programs. True local input into the State's water quality program may be lost in the shuffle.

For these reasons, I believe that the signing of House Bill 1896 may adversely affect those activities related to the State's water quality program. I do not believe that the benefits attributable to the bill can compensate for those resulting adverse effects.

For these reasons, and at the request of the Secretary of Natural Resources, I have decided to veto House Bill 1896.

Sincerely,
Blair Lee III
Acting Governor

House Bill No. 1945 - Cecil County - Deputy Sheriff

AN ACT concerning

Cecil County - Deputy Sheriff

FOR the purpose of requiring the County Commissioners of Cecil County to furnish the sheriff and certain deputy sheriffs with certain health insurance coverage under a plan selected by the County Commissioners; requiring that certain Cecil County deputy sheriffs be paid for time spent in court when they are not on duty; ~~of~~ requiring that certain Cecil County deputy sheriffs be reimbursed for travel to training sessions under certain circumstances; providing for the transfer of personnel from a certain agency to the Cecil County Sheriff's Department; providing for the salaries and expenses of the transferred personnel; and clarifying language.

May 29, 1978

Honorable John Hanson Briscoe
Speaker of the House of Delegates
State House
Annapolis, Maryland 21404

Dear Mr. Speaker:
