

(1) The name and location of the owner or operator of the breaker, colliery, or other place of production;

(2) The kind, size, and weight of the anthracite;

(3) The name and address of the person claiming ownership of the anthracite;

(4) The name and address of the driver of the motor vehicle transporting the anthracite, the State motor vehicle and registration number, and the loading date of the vehicle; and

(5) The name and address of the person to whom the anthracite is to be delivered.

(c) The driver of a motor vehicle bringing anthracite into the State shall have the anthracite weighed by a licensed weighmaster before delivering it.

(d) At the time of weighing, the driver shall file with the weighmaster a duplicate of the original certificate of origin. The weighmaster shall file the duplicate original certificate with the Secretary within one week. It may be inspected by the public at any reasonable hour pursuant to Departmental rule or regulation.

(e) The weighmaster, upon signing the delivery ticket for the load of anthracite, shall make a notation upon the delivery ticket of the serial number and date of the certificate of origin covering the anthracite.]

[11-508.

A licensed weighmaster may not weigh up and sign a delivery ticket for any load of solid fuel unless:

(1) He weighs the load on a scale located within the State which has been tested, inspected, and approved by the Secretary, local inspector, deputy local inspector, or by the person in Baltimore City charged with this duty, if the scales are located there;

(2) He weighs the vehicle so as to determine the correct net weight of the fuel; and

(3) All the wheels of the vehicle, tractor, trailer, or semitrailer transporting the solid fuel are on the scale at the same time; however, if the tractor is disconnected from the trailer or semitrailer at the time of weighing, the trailer, or semitrailer may be weighed without the tractor.]
