

23-109.

(a) An inspection station or any of its employees may not:

(1) Issue an inspection certificate for a vehicle without having inspected its equipment;

(2) Issue a repair order certification for any specified equipment without having inspected that equipment;

(3) Willfully issue an inspection certificate for a vehicle the equipment of which does not meet or exceed the standards established under this [title] SUBTITLE; or

(4) Willfully issue a repair order certification for any specified equipment if that equipment does not meet or exceed the standards established under this [title] SUBTITLE.

(b) (1) In this subsection, "fictitious" includes an imitation, counterfeit, or altered certificate or certification.

(2) A person may not:

(i) Make, issue, or knowingly use any fictitious inspection certificate or repair order certification;

(ii) Attach or cause or permit to be attached to any vehicle an inspection certificate knowing it to be fictitious or issued without the equipment having been inspected for compliance with this [title] SUBTITLE; or

(iii) Issue or cause or permit to be issued a repair order certification knowing it to be fictitious or issued without the equipment having been inspected for compliance with this [title] SUBTITLE.

(c) On suspension or revocation of its license, an inspection station shall surrender to the Division, at its request, the license and all related material issued by the Division.

(d) A person may not materially alter or change any equipment of a vehicle for which an inspection certificate or a repair order certification has been issued under this [title] SUBTITLE.

(e) A person may not willfully violate any rule or regulation adopted under this [title] SUBTITLE relating to inspection procedures and inspection station requirements.

~~(B) FOR THE PURPOSE OF THIS SUBTITLE, "EMISSION STANDARDS" SHALL MEAN A REQUIREMENT WHICH LIMITS THE QUANTITY, QUALITY, RATE, OR CONCENTRATION OF EMISSION FROM~~
