(a) (4) "Mental disorder" means the behavioral and other symptoms which to A lay petitioner initiating the emergency admission process indicate a clear disturbance in the mental functioning of another person, and to a physician OR CERTIFIED PSYCHOLOGIST conducting an examination indicate one or more of the mental disorders described in the "Diagnostic and Statistical Manual—Mental Disorders" published periodically by the American Psychiatric Association. The term shall not include mental retardation.

(b) (2) The petition shall include the following:

(iv) Notice that any petitioner completing and signing the petition may be required to accompany the emergency admittee to a physician OR CERTIFIED PSYCHOLOGIST and that the State Department of Mental Hygiene may require the appearance of the petitioner at the mental health facility to which the emergency admittee is admitted within 96 hours in order to provide further information, and that failure to comply shall subject the petitioner to court order compelling his appearance.
