

8-9A-[09]07.

The provisions of this subtitle concerning the authorities of the Department and the subdivisions of the State with respect to flood hazard management are in addition to any other provision of law.

8-9A-[10]08.

Engineering, technical and administrative services required to implement the provisions of this subtitle shall be funded as provided in the State budget.

8-9A-[11]09.

This subtitle may be cited as the Flood Hazard Management Act of 1976.

SECTION 2. AND BE IT FURTHER ENACTED, That the passage of this Act is contingent upon the passage of H.B. 930 (01r2106) or S.B. 568 (01r2767) of 1980. Should that measure fail of enactment, the provisions of this Act are null and void without the need of further action by the General Assembly, except that the provisions of this Act are not null and void and shall apply, regardless of the failure of enactment of H.B. 930 (01r2106) or S.B. 568 (01r2767) to any subdivision which had received, prior to July 1, 1980, a commitment from the Board of Public Works for funds on a matching basis for a capital project or projects for flood control or watershed management.

SECTION 3. AND BE IT FURTHER ENACTED, That, until such time as the Department of Natural Resources promulgates the rules and regulations and other review procedures required under § 8-9A-03(H) of § 1 of this Act, any subdivision which had received, prior to July 1, 1980, a commitment from the Board of Public Works for funds on a matching basis for a capital project or projects for flood control or watershed management shall be deemed eligible to receive grants during fiscal year 1981 for flood control or watershed management capital projects from the Board of Public Works as authorized pursuant to the provisions of any bond authorization act adopted for this purpose. Any subdivision, in submitting an application for grant funds pursuant to the foregoing, shall certify to the Board of Public Works that any project for which grant funds are being requested is part of a flood management plan prepared and adopted by the subdivision, and that the subdivision is participating in the national flood insurance program.

SECTION 2 4. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 1980.
