

the county or persons may build and operate the system or facility at its or their own expense, but it shall be constructed under plans and specifications approved by the commission, and its maintenance and operation shall be under the general control of the commission; and no system or facility or part thereof, or no water main, sewer, water purification or sewage treatment plant, or no connection with any of them, shall be constructed or installed except as in this section provided, and any violation of this provision is a misdemeanor punishable under § 669 of this subtitle. All construction and operating records, including cost records, shall be filed with the commission, which may at any time take over the system or facility or part thereof, or the water main, sewer, water or sewage treatment plant or solid waste acceptance facility or connect on with any of them in the same manner as provided under § 665 for systems existing at the time of the passage of this subtitle. The commission may extend its water, sewerage or solid waste disposal systems into any area outside of any sanitary district contiguous thereto and not included in the territory under the jurisdiction of any other district or in the vicinity thereof, when the property owners of the area agree to the charges, assessments and conditions that may be imposed by the commission as hereinbefore outlined. When an offer by the commission to purchase in the manner provided under § 665 of this subtitle, a water or sewerage system constructed under the provisions of this section, is rejected or not accepted within ninety (90) days by the developer or builder, the commission shall have the right to proceed in condemnation under the provision of Title 12 of [Article 21] THE REAL PROPERTY ARTICLE of this Code.
