

EXECUTIVE ORDERS

drive more than 75 miles between their home and court, upon presentation of proper identification and an affidavit;

(i) Equipment designed and used primarily for construction sites, equipment designed and used primarily as farm equipment in agricultural production;

(j) Company van pool vehicles, as defined in Article 78, Section 2 (jj), and vans bearing VP license plates issued to van pools by the Department of Transportation.

II.] I.

MINIMUM PURCHASE PROGRAM

1. No sale or purchase of gasoline for a vehicle shall be made for less than five dollars, if the vehicle contains less than six cylinders or, for less than seven dollars, if the vehicle contains six cylinders or more. Minimum purchase requirements shall not apply to motorcycles or mopeds as defined in Sections 11-136 and 11-130.1 of the Transportation Article or to container sales as referred to in paragraph 2 below or to any vehicle having a fuel tank capacity of eight gallons or less.

2. Not more than 2 gallons of gasoline may at anytime be sold or purchased for delivery into a container other than the fuel tank of a vehicle to be transported away from the premises of the retail seller, except for use in agriculture as certified by the local Agricultural Stabilization and Conservation Service Office or for use in commercial machinery pursuant to a certificate issued by the Maryland State Police, the Baltimore City Police Department, or a County Police Department as to continuing need for such use. Nothing in this paragraph shall be construed to authorize the sale of gasoline in any container not satisfying applicable safety requirements.

3. No gasoline storage tank shall be constructed at, and no gasoline shall be delivered into a storage tank situated at any property utilized solely as a personal residence.
