

provisions of this subtitle, with the assistance of the Department OF HEALTH AND MENTAL HYGIENE and the appropriate soil conservation district.

8-1103.1. Training of responsible personnel.

(b) Certificate of attendance at training program. -- After July 1, 1980, any applicant for sediment and erosion control plan approval shall certify to the appropriate jurisdiction that any responsible personnel involved in the construction project will have a certificate of attendance at a Department of [Natural Resources] HEALTH AND MENTAL HYGIENE approved training program for the control of sediment and erosion before beginning the project. A certificate shall be valid for a 3-year period. A certificate shall be automatically renewed unless the Department OF HEALTH AND MENTAL HYGIENE notifies the certificate holder that additional training is required.

(d) Soil conservation district may conduct training program. -- A soil conservation district may conduct a training program for the control of sediment and erosion providing it meets the requirements set by the Department of [Natural Resources] HEALTH AND MENTAL HYGIENE.

8-1104. Land clearing, soil movement and construction -- In general.

(b) Rules and regulations for erosion and siltation control in Prince George's and Montgomery counties. -- In Prince George's and Montgomery counties, the Washington Suburban Sanitary Commission, after consultation with and advice of the soil conservation districts of the two counties and the Department OF HEALTH AND MENTAL HYGIENE, shall prepare and adopt rules and regulations for erosion and siltation control requirements for utility construction. The rules and regulations shall be adopted and enforced as are others of the Commission under authority conferred by other laws. These rules and regulations apply to any contractor doing work for the Washington Suburban Sanitary Commission. Utility construction may not be undertaken in Montgomery County until an erosion and sediment control plan is submitted to and approved by the Washington Suburban Sanitary Commission. After the county reviews and approves the plans, the Commission may issue a permit for construction. In every case conditions of any permit granted for work performed in Montgomery County by any contractor doing work for the Washington Suburban Sanitary Commission and by any public service company, as defined in § 2, Article 78, of the Code may not be less stringent than standards incorporated into the the provisions of any grading or building law or ordinance adopted pursuant to § 8-1103 of this subtitle. Montgomery County shall inspect and enforce the conditions of the approved plans and permits.
