

(b) The Commission shall have the following powers and duties:

(1) The Commission from time to time, shall make a full and detailed study of the general location in the County, the proposed building sites, the types of construction, the plans and specifications, and the costs of construction of all capital improvement projects and programs in or for Carroll County which the public funds of Carroll County are to be expended.

(2) The Commission shall make its studies and submit its reports and recommendations in writing to the County Commissioners within thirty (30) days after request therefor. Copies of reports and recommendations for any public school or community college project shall also be submitted to the Board of Education of the County.

(3) The Commission, in its discretion, may, or upon written request from the County Commissioners, Board of Education or any County Agency, shall undertake, in accordance with accepted planning practices, planning studies of future and anticipated public capital improvements in or for the County, and thereafter shall submit its conclusions and recommendations to those making the request and to other interested parties.

(c) Unless this provision is specifically waived by the County Commissioners, no funds of the County shall be expended for any capital improvement until the written reports and recommendations of this Commission on such improvement, has been submitted to the County Commission.

(d) The Commission is authorized to adopt such rules and regulations, with the approval of the County Commissioners, as are necessary to properly perform its function.]

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 1980.

Approved April 8, 1980.

CHAPTER 116

(House Bill 1880)

AN ACT concerning

Carroll County - Bond Issue for Volunteer Fire
Departments
