

(II) BECAME LICENSED IN THE OTHER STATE AFTER PASSING IN THAT OR ANY OTHER STATE AN EXAMINATION THAT IS SIMILAR TO THE EXAMINATION FOR WHICH THE APPLICANT IS SEEKING THE WAIVER.

REVISOR'S NOTE: Subsection (a) of this section is new language derived without substantive change from Art. 43, § 512. Its revision is patterned after the standard language used throughout this article for provisions that allow or require waiver of examination requirements.

Also as to subsection (a) of this section, new language is added to state expressly a provision that is only implied in present Art. 43, §§ 504(b) and 512, i.e., that an individual who is trained, examined, and licensed in another state to practice chiropractic with the right to practice physical therapy may be issued a comparable license in this State after waiver of examination. Of course, the Board cannot waive the physical therapy examination requirement for an individual who lacks the required training, examination, and license in that field. The revised language conforms to the current practice of the Board.

In subsection (b)(2)(ii) of this section, the phrase "or any other" state is added to provide expressly that a chiropractor who passed a licensing examination in one state, and who then was waived into a second state, then may be waived by the Board into Maryland -- the third state -- as long as the Board is satisfied that the licensee completed in some state an examination similar to that required in this State. This provision, which is included in most of the titles of this article and which conforms with Board practice, allows the Board to give fair consideration under this section to a chiropractor who, in the course of the chiropractor's professional career, has moved from one state to another before moving to Maryland to practice here.

As to the power of the Board to set fees and the manner in which fees are set, see § 3-206 of this title.

For the definition of "state", see § 1-101 of this article.
