

2. THAT THE EXCEPTION WOULD NOT
IMPOSE ~~AN-UNACCEPTABLE-DANGER~~ A SERIOUS HEALTH HAZARD.

(B) EXCEPT AS AUTHORIZED BY THE SECRETARY, A PERSON MAY NOT POSSESS, SELL, DONATE, OR DISTRIBUTE ANY BIOLOGICAL PRODUCT THAT IS DESIGNATED BY THE SECRETARY FOR USE IN A CURRENT GOVERNMENT PROGRAM FOR THE CONTROL OF ANIMAL DISEASE.

3-207.

[(a)] Any person who buys or receives any biological product in intrastate commerce shall maintain a correct record of the amount he receives, uses, and possesses.

[(b) Whenever any biological product is unfit for use or is unused, the buyer or recipient shall report to the Secretary all information contained in his records of the product and any unfit or unused product. The buyer or receiver shall forward the unfit or unused products to the Secretary with an accompanying statement showing the time and place of purchase or receipt, the amount of each product purchased or received, and his name and address. If the amount forwarded to the Secretary and the amount used do not equal the amount received or purchased, the purchaser or recipient shall make a satisfactory statement of the disposition of the remainder.]

[3-208.

Any person who sells or donates any biological product in intrastate commerce shall report monthly to the Secretary the amount of each product sold or donated, its degree of strength, the name and address of the person to whom it was sold or donated, and the delivery date. The report shall include the address of and be signed by the person submitting the report.]

[3-209.

Any person who buys or receives any biological product in intrastate commerce may not use or dispose of it until the person from whom the biological product is received assures him in writing that its delivery has been reported to the Secretary, or unless the buyer or recipient reports its receipt to the Secretary with the information required to be submitted by § 3-207.]

[3-210.] 3-208.

Any biological product used only for the testing or immunizing of animals sold, donated, or used within the State shall bear a label stating the name and address of the person manufacturing it, the date of its preparation, its contents, its intended use, and stating that it is for animal use only.
