

(2) FRAUDULENTLY OR DECEPTIVELY USES A CERTIFICATE, TEMPORARY CERTIFICATE, OR LIMITED CERTIFICATE.

(B) REPRIMANDS, SUSPENSIONS, AND REVOCATIONS.

SUBJECT TO THE HEARING PROVISIONS OF § 20-309 OF THIS SUBTITLE, THE BOARD MAY REPRIMAND ANY CERTIFICATE HOLDER, OR SUSPEND OR REVOKE A CERTIFICATION, LIMITED CERTIFICATION, OR TEMPORARY CERTIFICATION, IF:

(1) THE CERTIFICATE HOLDER:

(I) FRAUDULENTLY OR DECEPTIVELY OBTAINS OR ATTEMPTS TO OBTAIN A CERTIFICATE, TEMPORARY CERTIFICATE, OR LIMITED CERTIFICATE FOR THE CERTIFICATE HOLDER OR ANOTHER; OR

(II) FRAUDULENTLY OR DECEPTIVELY USES A CERTIFICATE, TEMPORARY CERTIFICATE, OR LIMITED CERTIFICATE; OR

(2) THE BOARD HAS ANY OTHER REASONABLE CAUSE FOR THE ACTION.

REVISOR'S NOTE: Subsection (a) of this section is standard language added to this and, where necessary, corresponding sections in other titles of this article to state expressly a power that presently is only implied in the law -- i.e., that the Board may deny certification to an applicant who fraudulently or deceptively obtains, attempts to obtain, or uses a certificate. For other examples of these provisions, see Title 12, "Pharmacists", and Title 14, "Physicians", of this article.

Subsection (b)(1) of this section is new language added to conform to similar provisions governing other health occupations in present Art. 43. It states fundamental grounds for disciplining a certificate holder. For other examples of these provisions, see Title 12, "Pharmacists", and Title 14, "Physicians", of this article.

Subsection (b)(2) of this section is new language derived without substantive change from Art. 43, § 406A(f)(9), as that provision relates to the power of the Board to suspend or revoke a certification for cause.

In subsection (b) of this section and, where necessary, corresponding sections of other titles of this article, the reference to the power of the Board to reprimand a certificate holder is added to state specifically a power that is inherent in the express power to suspend or revoke a certification.
