

REVISOR'S NOTE: This section is new language derived without substantive change from the last main clause of Art. 32, § 5(a), the references in the second and third sentences of (c) to information to be included on a limited license to practice dentistry, and the reference in the first sentence of (e)(2) to information to be included on a dental teacher's license, from Art. 32, § 7, the reference in § 25(c)2.f. to the number of a license to practice dentistry, the references to the contents of a teacher's license to practice dental hygiene in § 28A(b), and the first and second sentences of § 29(b) and (g).

In subsection (a) of this section, "license" is substituted for the terms "certificate of registration" and "license of qualification", for clarity. See the definition of "license" in § 4-101 of this title.

The references in present Art. 32, § 29(g) to the procedures and circumstances under which the Board may issue a replacement license are deleted as unnecessary since they are implicit in the power of the Board to issue licenses.

The balance of Art. 32, § 28A(b) now appears in § 4-308 of this subtitle.
