Present Art. 43, § 555B-33 clearly was intended to be a prohibited act and, therefore, arguably was intended to have criminal sanctions apply on its violation. The addition of a penalty for violation of § 5-603 of this subtitle is called to the attention of the General Assembly.

As to the Regulatory Programs Evaluation Act of 1978, see Art. 41, § 484 et seq. of the Code.

GENERAL REVISOR'S NOTE:

Before July 1, 1978, the practice of electrology was regulated as a part of "beauty culture" by the State Board of Cosmetologists under the Department of Licensing and Regulations. (See Art. 43, §§ 529 through 555A of the Code, and the regulations adopted by that board).

Chapter 851, Acts of 1978 removed the practice of electrology from the jurisdiction of the Board of Cosmetologists and established a separate State Board of Electrologists Examiners, effective July 1, 1978. (See former Art. 43, § 555B of the Code). Chapter 851 was intended to establish the comprehensive regulation of the practice of electrology as a health related occupation, but the legislation contained many problems. For example, the licensing requirements and penalties sections inadvertently were omitted.
