

(iii) Recommendations for minimizing any adverse impact.

(2) The portion of the applicant's report dealing with technical and economic assessments shall contain, but not be limited to:

(i) Detailed descriptions of the proposed site and facility, including site location and boundaries and facility purpose, type, size, capacity, and location on the site and estimates of the cost and charges to be made for material accepted; and

(ii) Provisions for managing the site following cessation of operation of the facility.

(f) (1) At least 90 days prior to issuance of a certificate, the Board shall seek the advice and comment of the following:

(i) The Secretaries of Natural Resources, Health and Mental Hygiene, Economic and Community Development, State Planning, and Agriculture;

(ii) The Council on Toxic Substances and the Hazardous Substances AND LOW-LEVEL NUCLEAR WASTE Advisory Council; and

(iii) The governing body of any subdivision of the State within which all or part of the proposed site is to be located and the governing bodies of adjoining subdivisions.

(2) At least 90 days prior to the issuance of a certificate, the Board shall seek the comments of each landowner of record whose property is within 1000 feet of the proposed site.

(3) Within 30 days after the Board seeks the advice of a party listed under subsection (f)(1) of this section, the party shall respond to the Board in writing by either:

(i) Setting forth the advice and comments of the party as to the proposed certification; or

(ii) Stating that the party has no comments as to the proposed certification.

(1) The Board shall consider, review, and approve or deny hazardous OR LOW-LEVEL NUCLEAR waste sites recommended by the Department of Natural Resources in the same manner in which it acts upon applications for issuance of certificates from other parties.
