

[(3)] ~~(5)~~ (6) If a municipality does not have a local health department, the Department also shall require as a condition to the issuance of a permit that a permit holder shall provide access to the facility by any authorized official, agent, or employee of an agency designated by the mayor of the municipality, for the purposes set forth under subsection (k)(2) of this section.

(1) (1) Except for designated hazardous substances OR LOW-LEVEL NUCLEAR WASTE used for residential purposes or those regulated by the Department of Agriculture, a person may not transport a designated hazardous substance OR LOW-LEVEL NUCLEAR WASTE from a source within the State or to a facility within the State unless the person first obtains a certificate from the Department of Health and Mental Hygiene and the transporting vehicle is certified by the Department of Health and Mental Hygiene.

(2) Every person holding a hauler certificate shall:

[(1)] (I) Report periodically, on a form prescribed by the Department of Health and Mental Hygiene, on the source, disposal destination, volume, and nature of the designated hazardous substance OR LOW-LEVEL NUCLEAR WASTE transported;

[(2)] (II) Secure a bond for the purpose of indemnifying the State for abatement of pollution resulting from the improper transportation of designated hazardous substances OR LOW-LEVEL NUCLEAR WASTE;

[(3)] (III) Pay a yearly fee for a transporting vehicle certification not to exceed \$50.00;

[(4)] (IV) During transportation, carry within the vehicle cab the manifest, carry prominently displayed or affixed to the outside of the left door of the vehicle cab the vehicle certificate, and carry only properly labeled and secure containers of designated hazardous substances OR LOW-LEVEL NUCLEAR WASTE;

[(5)] (V) Stop the vehicle upon request of any police officer, display all required documentation, and allow inspection, investigation, and sampling for actual or potential violations of a certificate or of applicable State or federal law; and

[(6)] (VI) Remove from the transporting vehicle, treat, blend, or mix, or store for any period of time, designated hazardous substances OR LOW-LEVEL NUCLEAR WASTE, only in a facility, except under Department supervision during an emergency.

(3) THE DEPARTMENT MAY NOT ISSUE A CERTIFICATE FOR THE HAULING OF LOW-LEVEL NUCLEAR WASTE UNLESS:
