

In subsection (a) of this section, the phrase "provided by law" is substituted for the phrase "provided herein" to clarify that provisions elsewhere in the Code may authorize the practice of mortuary science in a type of corporate form -- e.g., see the provisions on Professional Service Corporations in Title 5, Subtitle 1 of the Corporations and Associations Article. The General Assembly may wish to consider if members of this occupation were intended to be included within those provisions.

Also in subsection (a) of this section, the present reference to a corporation being "registered" is deleted to conform with changes in terminology made throughout this title. See the General Revisor's Note to this title.

In subsection (b) of this section, the broader language of present Art. 43, § 351(c) is retained and the first sentence of present Art. 43, § 351(d), which refers to corporations formed during World War II, is deleted as obsolete since there are no current licenses issued under that section.

In subsection (d) of this section, new language is added to clarify that a licensed corporation is authorized to "operate a mortuary science business" and to clarify that any "practice of mortuary science" that is conducted for the corporation must be by individuals licensed by the Board.

As to the renewal of a corporation license, see § 6-313 of this subtitle.

The balance of present Art. 43, § 351(d) now appears in § 6-401 of this title. The balance of present Art. 43, § 351(e) now appears in § 6-311 of this subtitle.
