REVISOR'S NOTE: This section is new language derived without substantive change from Art. 43, § 361(b) through (e).

Present Art. 43, § 361(a), which defines "funeral establishment", now appears in § 6-101 of this title.

The second sentence of present Art. 43, § 361(b), which refers to the license of a funeral establishment as an additional license, is deleted as unnecessary.

The Board issues a funeral establishment license if the Board is satisfied that proper methods of sanitation, disease control, etc. are observed. However, at present, there are no standards for the issuance of this license in either the law or the rules and regulations of the Board. In addition, there is no articulation of appropriate grounds for revocation or suspension of the license and no express inspection provisions to enable the Board to ascertain if grounds exist. This situation is called to the attention of the General Assembly.
