

Section 948 ~~through-951, inclusive,~~ and 949 to be under the new subtitle "Women, Infants, and Young Children"

Annotated Code of Maryland  
(1980 Replacement Volume and 1980 Supplement)

Preamble

The General Assembly finds that a substantial number of pregnant women, infants, and young children are at risk in respect to their physical and mental health by reason of poor or inadequate nutrition or health care, or both. In addition, the General Assembly acknowledges the existence of a federal program assisting pregnant women, infants, and young children. However, this program is not providing sufficient resources to adequately cover its intended recipients.

It is, therefore, the purpose of the State ~~program~~ study established by this Act to provide additional resources for supplemental foods and nutrition education for eligible pregnant women, infants, and young children; now, therefore,
