

county executive of each county shall transmit them to the county council of that county, together with his recommendations. Each county council may hold public hearings on the proposed supplements. Each county council may add to, delete from, increase or decrease the proposed supplements. Failure of both county councils to jointly approve additions to, deletions from, increases or decreases in the proposed supplements within 60 days of the date of transmittal of the proposed supplements to both county executives by the commission shall constitute disapproval of the supplements by the county councils of Montgomery and Prince George's counties as submitted by the commission.

(f) Through joint action the county councils may recommend to the commission the rates for water consumption and sewer usage charges and ad valorem tax levies they deem necessary. These joint recommendations shall be made by the councils upon transmission of the approved budget of the commission and not later than June 1 of each year. Upon receipt of the budgets and recommendations from the county councils, the commission shall approve the rate schedule and shall take into consideration the proposed rate changes recommended by the joint action of the councils. The rates for sewer and water usage charges shall be uniform throughout the sanitary district. However, they shall be subject to the provisions of section 6-3 [(83-62 and 86-6-3)] of this [Code] ARTICLE.

1-5. General office and record building -- Authority to erect.

The Washington Suburban Sanitary Commission is hereby authorized to erect on land which it now owns or which it may hereafter acquire a general office and record building at a cost not to exceed one hundred thousand dollars (\$100,000.00).

1-5.1. Same -- Approval of county governing bodies required for new administration building or addition to administration building.

Approval by the governing bodies of Prince George's and Montgomery Counties shall be required prior to the construction of any new administration building of the Washington Suburban Sanitary Commission or any substantial addition to an existing administration building.

1-6. Same -- Bonds for cost.

The cost of [said] THE building, including all necessary equipment and fixtures shall be included in any one of the general bond issues issued and sold by the commission for general construction purposes under the provisions of section [83-63] 4-1, and shall be of like tenor and effect as the bonds authorized therein and shall be treated as general bonds of the commission issued for construction purposes as provided for in [said] section
