

section, and a permit or commission approval subject to these provisions shall not be finally effective unless the county's approval is given. The county is hereby authorized at its discretion to make all necessary final repairs to restore property to a condition satisfactory to the county and charge all cost incident thereto to the commission or to the public utility which made the entry.

(b) Nothing in subsection (a) shall derogate from the commission's authority under this [subtitle] ARTICLE, or any other law, to enter into contracts or agreements with any federal, state, county or municipal authority, board, agency or commission, or the District of Columbia, with respect to or concerning the matters listed in subsection (a), not inconsistent with such subsection (a), when such agreement or contract is necessary, advisable or expedient in connection with the construction, maintenance and operation of the commission's water supply, sanitary sewerage or drainage systems. Nothing in subsection (a), nor elsewhere in this section, shall impair the existing rights of the state roads commission with respect to utilization by the Washington Suburban Sanitary Commission or any utility of the highways of the state system or those highways being constructed as part of the state system, including such roads being constructed wholly or in part with federal funds.

(c) Upon application of the Washington Suburban Sanitary Commission, or Montgomery County, Maryland, verified by oath or affirmation of a member or employee thereof, the circuit court of any county, sitting in equity, may, by injunction, enforce the compliance with, or restrain the violation of, any order or notice, or rule or regulation, made pursuant to the provisions of this section, or restrain the violation or attempted violation of any of the provisions of this section, or require the compliance with any of the provisions of this section by any person, firm or corporation. The court shall not require the posting of a bond by Montgomery County or the Commission.

10-2. Public utilities construction.

The Washington Suburban Sanitary Commission, in addition to the authority over the construction and location of underground construction within the sanitary district, shall have the authority to regulate the construction of any overhead lines, poles, or other public utilities construction within [said] THE district, along any state or county road, or street or alley, within [said] THE district, and no person, corporation, or firm shall erect any pole or other structure for the purpose of carrying wires overhead without first having obtained a permit from [said] THE commission. [Said] THE commission may require the filing of plans with it of such location or construction, and may charge a reasonable fee for such permit. Any violation of the provisions of this section shall be a misdemeanor, punishable under section [83-108] 18-7.
