## Bill 19

AN ACT to authorize and empower the County Council of Wicomico County, Maryland, to establish rules, regulations and standards providing for the management of storm water in Wicomico County, outside the limits of incorporated towns and cities in Wicomico County, and to provide in said areas, for the proper collection, channelling, retention, detention, erosion control, sediment control, and disposal of storm water connected with any building or site improvement in future development or redevelopment (including subdivisions) pursuant to the power and authority contained in Wicomico County Code, Chapter 22, Section 22-2, Section 22-12 and Article 25A, Section 5(w) of the Annotated Code of Maryland (1957 Edition).

WHEREAS, the County Council of Wicomico County, has found it advisable that a storm water management program be established in Wicomico County to provide for the control of storm water run-off and thereby reduce flooding, stream channel erosion, siltation and sediment pollution by requiring the installation of on-site storm water detention facilities;

WHEREAS, the County Council of Wicomico County hereby finds it desirable to establish such a storm water management program for all future development and redevelopment (including subdivisions that create new streets), and on all future building or site improvements in order to protect the health, safety and welfare of the citizens of Wicomico County.

Approved June 13, 1980.
