REVISOR'S NOTE: This section is new language derived
 without substantive change from Art. 43, §
 258(c) through (e) and from the first half of the
 second sentence of Art. 43, § 268(c).

In subsection (a) of this section, the present
 requirement that the rules and regulations be
 adopted "in accordance with the Administrative
 Procedure Act" is deleted as needlessly
 repetitive of independent requirements of law.

Subsection (a)(2) of this section states the
 general power of the Board to adopt rules and
 regulations to carry out the provisions of this
 title. The provision is founded in the present,
 more specific, provisions of Art. 43, §§ 258(e)
 and 268(c), which provide rulemaking power to set
 standards for practicing pharmacy and operating
 pharmacies and to carry out and enforce all of
 the provisions concerning the establishment and
 operation of pharmacies. The new language states
 the general rulemaking power of the Board in a
 manner similar to comparable provisions of other
 titles of this article.
