

The reference in present Art. 43, § 610(c)(2) to the types of applicants is deleted as unnecessary.

Subsections (a)(1)(i) and (b)(1)(i) of this section are standard language used in this and, where necessary, corresponding sections of other titles of this article. They state expressly provisions that presently are only implied in the law: i.e., that applications shall be made only on the form required by the Board.

Subsections (a)(1)(ii) and (b)(1)(ii) of this section, which are derived from the vague references in present Art. 43, § 610(a)(1)(i) and (2) to providing the Board with evidence of graduation from clinical training, are revised to clarify that an individual completes but does not graduate from clinical training. This revision conforms to the Board practice that requires an applicant to submit to the Board evidence of completion of the appropriate physical therapy curriculum, as well as evidence of completion of any clinical training required by the curriculum. This revision is called to the attention of the General Assembly.

As to subsections (a)(2) and (b)(2) of this section, the second sentence of present Art. 43, § 611, which provides that "the fee shall be retained by the Board ..." is deleted as unnecessary.

As to the authority of the Board to set fees, see § 13-207 of this title.
