

128(c) and the first clause of (d), and from Art. 43, § 128(e).

Subsection (b) of this section -- which provides for renewal notice -- is new language added to conform to current Board practice and to similar provisions governing other health occupations in present Art. 43. See, e.g., Art. 43, § 634(c), as to psychologists, and Art. 43, § 868(d), as to social workers.

Subsection (c)(1) of this section is standard language added for clarity.

Subsection (c)(2) and (3) of this section is added to clarify the authority of the Board under § 14-205 of this title and subsection (d) of this section to adopt standards and qualifications for continued licensing and under § 14-206 of this title to establish fees for renewal of licenses.

Subsection (e) of this section is standard language added to state expressly the presently only implied duty of the Board to renew the license of a qualified licensee.

The present references to "registration" are deleted and the term "license renewal" is substituted for the term "reregistration". These changes conform with changes in terminology made throughout this title. See the General Revisor's Note to this title.

In subsection (a)(3) of this section, the first clause of present Art. 43, § 128(d), which provides that failure to register "shall cause a suspension" is deleted as misleading and, in any event, unnecessary. Under this section, if a licensee fails to renew a license, it "expires" automatically at the end of the current license term. See present Art. 43, § 122(a), now revised as § 14-701 of this title, and the General Revisor's Note to this title.

In subsection (d) of this section, the introductory clause is added in light of the power of the Board to establish other qualifications and requirements under § 14-305(f) of this subtitle.

The second sentence of present Art. 43, § 128(a) and present Art. 43, § 128(b), which relate to the Board keeping a permanent record of licensed physicians now appear as § 14-205(b)(2) of this title.
