REVISOR'S NOTE: This section is new language derived without substantive change from Art. 43, §§ 791(8) and 799(a).

References to "holder of the limited license" and "limited license" are added to clarify that the reference in present Art. 43, § 799(a) to "any person licensed under this subtitle" includes a holder of a limited license. See § 19-310 of this subtitle.

In the introductory paragraph of this section, the phrase "deny a license or limited license to any applicant" is standard language added to this and, where necessary, corresponding sections in other titles of this article to state expressly a power that presently is only implied -- that the Board may deny a license to an applicant who violates a disciplinary provision under this section.

Also as to the introductory paragraph of this section and, where necessary, corresponding sections of other titles of this article, the reference to the power of the Board to reprimand a licensee or a limited license holder is added
