MARYLAND ECST ADMINISTRATION

29.04.00.01 Port Operations

Special Fund Appropriation, provided that it is the intent of the General Assembly that any appropriation for fire protection services in a subsequent fiscal year shall be contingent upon legislation being enacted to specifically authorize the Maryland Port Administration to enter into contracts with local governments for the provision of fire protection services.

Additionally this reduction shall not prohibit the Department from amending the budget, with the exception of fire protection services, as necessary to authorize operating and capital funds to provide the level of service intended in this budget. It is the intent of the Legislature, however, that the Department shall not expend funds in excess of the \$1,500,000 appropriation provided herein for fire protection services provided by the City of Baltimore during this fiscal year. It is the intent of the General Assembly that the Department shall not expend more than \$1,780,000 of this appropriation for the purpose of reimbursing the City of Baltimore for Marine Fire Suppression and Contaminant Spill Control Services.....
